FOR IMMEDIATE RELEASE: April 25, 2014

BRONX RIVER PARKWAY CLOSURE SCHEDULE REVISED FOR SATURDAY ONLY FROM YONKERS TO WHITE PLAINS Work is part of the Crane Road Bridge Replacement Project

Motorists are advised that the previously announced closures tonight on the Bronx River Parkway from Yonkers to White Plains as part of the Crane Road Bridge Replacement Project have been postponed due to inclement weather.

The revised parkway closure in both directions is scheduled for tomorrow only, Saturday, April 26 from 7 a.m. to 10 p.m.

Major portions of the Bronx River Parkway in both directions will be closed from the Sprain Brook Parkway in Yonkers to the Westchester County Center (Exit 22) in White Plains on Saturday, April 26 from 7 a.m. to 10 p.m.

Northbound parkway closures:

- All northbound Bronx River Parkway traffic in Yonkers (six lane section of the parkway) will be detoured onto the Sprain Brook Parkway, then to Central Park Avenue (NY 100) to White Plains.
- Local traffic will have access to the northbound Bronx River Parkway at the following locations (between the Sprain Brook Parkway and Harney Road): Paxton Avenue, Elm Street, Scarsdale Road, Thompson Street and Leewood Drive.
- Local northbound parkway traffic will be detoured at Harney Road to Scarsdale Avenue and East Parkway and re-entering the northbound parkway at Crane Road.
- Northbound parkway will be open to traffic at Crane Road and all points north.

Southbound parkway closures:

- All southbound Bronx River Parkway traffic will be detoured at the Westchester County Center (Exit 22) in White Plains onto Central Park Avenue south to the Sprain Brook Parkway.
- Entrances to southbound Bronx River Parkway at Main Street and Fenimore Road will be closed.
- Local traffic will have access to southbound Bronx River Parkway at Ardsley Road and points south.

New traffic pattern on parkway starting on Saturday night, April 26 at 10 p.m.:

Motorists are advised that a **new traffic pattern will be implemented starting on Saturday, April 26 at**

10 p.m. with Bronx River Parkway traffic shifted west onto temporary pavement and the closure of the southbound ramp to Exit 12 Crane Road.

- Southbound Bronx River Parkway ramp to Exit 12 Crane Road will be closed for 3 months reopening on July 26.
- Traffic will be detoured south on the Bronx River Parkway to Exit 10, east on Harney Road and then north onto Scarsdale Avenue (see attached graphic). Route 22 is suggested as an alternate to the Bronx River Parkway detour.
- Entrance to the northbound Bronx River Parkway at Crane Road will remain open.
- The Bronx River Parkway will continue to have one closed in each direction with traffic shifted a few feet to the west onto temporary pavement.

These closures are necessary to implement new traffic patterns to facilitate the construction of the new northbound roadway at the northern portion of the project.

Motorists are advised to seek alternate routes. Numerous variable message signs are being used to alert motorists of the upcoming closures. Please note that these closures are weather permitting and rain may cause a postponement of some elements.

For additional information, contact Westchester County Department of Public Works and Transportation, 995-2555. Full details on this project are available at www.westchestergov.com/craneroadbridge. Sign up for special email alerts on this project at www.westchestergov.com/subscribe.
