FOR IMMEDIATE RELEASE: February 11, 2013

**BRONX RIVER PARKWAY NIGHT WORK STARTS TODAY;
RAMP CLOSURES IN SCARSDALE/GREENBURGH START ON WEDNESDAY NIGHT
Work is part of the Crane Road Bridge replacement project**

Motorists are advised that night work will begin on the Bronx River Parkway's Crane Road Bridge Replacement Project starting **tonight, Feb. 11** for a two-week period. In addition, several exit ramps on the Bronx River Parkway will be closed weeknights at Crane Road (Exit 12) starting **Wednesday night, Feb. 13 and continuing until Tuesday night, Feb. 19** to facilitate this work. There will also be local street closures during these same five (5) weeknights.

The following parkway ramp closures and detours will take place from 8 p.m. to 6 a.m.:

- Southbound Exit 12 ramp to Crane Road closed. Motorists will be directed to Exit 10 Harney Road.
- Northbound Exit 12 ramp to Crane Road closed. Motorists will be directed to Exit 10 Harney Road.

The following local street closures for East Parkway and Crane Road will take place from 9 p.m. to 6 a.m.:

- Crane Road westbound between Chase Road and East Parkway will be closed. A detour will be posted using Chase Road and Christie Place.
- East Parkway southbound between Crane Road and Christie Place will be closed. A detour will be posted using Chase Road and Christie Place.

The night work is necessary due to Metro-North Railroad requirements for the installation of large 25-foot-high concrete forms for the north abutment walls adjacent to the railroad tracks. The ramp closures and the closure on East Parkway are due to the need to place a crane on the roadway to facilitate a portion of the work.

For more information, contact Westchester County Department of Public Works and Transportation at 995-2555. Full details on the project are available at westchestergov.com/craneroadbridge.
