FOR IMMEDIATE RELEASE: April 19, 2013

BRONX RIVER PARKWAY NORTHBOUND MIDDAY CLOSURES NEXT WEEK IN SCARSDALE, GREENBURGH AND EASTCHESTER Work is part of the Crane Road Bridge Replacement Project

Motorists are advised that the northbound direction of the Bronx River Parkway will be closed between Harney Road (Exit 10) and Crane Road (Exit 12) starting on **Tuesday, April 23 to Friday, April 26 from 9:30 a.m. to 3:30 p.m.**

This parkway closure is necessary to conduct subsurface investigations for the west abutment of the new bridge as part of the Crane Road Bridge Replacement Project on the Bronx River Parkway.

A detour will be posted for traffic heading to the northbound parkway using eastbound Harney Road to northbound Scarsdale Avenue to northbound East Parkway and then back onto the northbound parkway at Crane Road. Local police officers from Eastchester and Scarsdale police departments will be directing traffic at critical intersections along the detour route. Variable message signs will also be used to alert motorists.

Delays are expected and motorists are advised to seek alternate routes.

The project began last summer and will take three years to complete.

For additional information, contact Westchester County Department of Public Works and Transportation at 995-2555.

Full details on this project are available at westchestergov.com/craneroadbridge.
